LEGAL RESEARCH

WESTLAW®

West Group, 610 Opperman Drive, Eagan, MN 55123, (800) 762-5272, e-mail: webmaster@westgroup.com. Web site: www.westgroup.com. Westlaw® a computer-assisted legal research service, is the premier legal and business research tool for the legal community. Westlaw provides access to editorially enhanced cases and statutes, as well as rules and regulations, legal periodicals, texts and business news information. The power of the Internet allows West Group to offer features and functionality on westlaw.com that aren't available anywhere else, including access to Most Cited Cases™ for a particular point of law.

KEYCITE®

KeyCite® is a current, comprehensive and easy-to-use citator that verifies whether a citation is good law and provides links to cases, statutes, and other sources pertinent to an issue. Receive instant notice of developments with a citation through KeyCite Alert via a selected destination. And with KeyCite Notes™, exclusively on westlaw.com, users will be able to view and select from a list of sources that cite a case for a particular legal issue. Web site: www.westgroup.com.

ONLINE PUBLISHING

THE LEXISNEXIS GROUP

The LexisNexis Group unites strong brands, pioneering technologies, and premium information for customers in the legal, corporate, government, and education markets. A trusted source, the company offers targeted information solutions that can be integrated into its customers' business processes and systems. Combining searchable access to over three billion documents from thousands of sources, LexisNexis delivers a high quality resource with which to build legal research and knowledge management solutions for the entire enterprise. For more information, please visit www.lexisnexis.com.

LEXISONE

LexisONE offers a comprehensive collection of free and affordable resources designed specifically for the needs of attorneys in small law firms. The site combines five years of free caselaw, thousands of free legal forms, and an Internet Legal Guide with links to more than 20,000 law-related Web sites. It also contains news, information, and trend updates for both personal and professional use. LexisONE is part of the LexisNexis Group.

CUSTOMIZED ESOLUTIONS™

Customized eSolutions™ marshals vital information sources and delivers them right to the attorney's desktop. Comprising Customized eSolutions is the LexisNexis Portal, Custom Web Pages, Intranet Solutions, and Practice Area Pages. These tools increase a firm's productivity by integrating internal work products and external information sources. Customized eSolutions allows a law firm to custom build a system to manage its information.

TIME MATTERS®

LexisNexis has teamed with Time Matters® to develop an integrated practice management solution using the LexisNexis family of legal services. By combining Time Matters' practice management solution with legal content and research capabilities from LexisNexis, attorneys can now streamline their research, scheduling, and billing activities into one integrated application, saving both time and money. The service can be delivered to attorneys' desktops in a variety of implementations, including a desktop application, a LexisNexis hosted ASP service, and Intranet service.

NIMMER REPORT ON COPYRIGHT

David Nimmer now contributes a monthly column to Mealey Publications' *Nimmer Report on Copyright* that provides in-depth analysis of current copyright protection issues. Mealey's *Nimmer Report on Copyright* routinely offers thorough reporting of copyright law via concise summaries and full-text court documents. David Nimmer's articles discuss such wide-ranging copyright issues as the protection of computer software, liability of online service providers for copyright infringement, and international copyright protection.

CALIFORNIA WORKERS' COMPENSATION ONLINE PACKAGE

Available on lexis.com®, the California Workers' Compensation Online Package is a collection of all the legal information that a California workers' compensation attorney needs to research a case. The package includes access to treatises such as Hanna, California Law of Employee Injuries, and Workers' Compensation and in addition provides the ability to link to the full text of cited cases, codes, and regulations.
