

FREE Clickable Advertising in *Los Angeles Lawyer* Online

AS A FREE SERVICE to advertisers, the online version of **Los Angeles Lawyer** features click-through links on display advertisements that allow readers to connect directly to your website! The thousands of California attorneys who read our award-winning magazine online can now access your website simply by clicking on your advertisement.

Each issue of **Los Angeles Lawyer** appears as a PDF file on the Los Angeles County Bar Association's website (**www.lacba.org**). When users open the PDF, they see the magazine exactly as it appears in print—except that the **advertisements function as links to the Web pages of the advertisers**. All display advertisers who provide the magazine with URLs are automatically provided with this valuable service. **There is nothing more to do and nothing more to pay.**

Reserve your ad space today and take advantage of this added value at no additional cost! Display advertisers who provide us with the online addresses (URLs) of their businesses will receive this ADDITIONAL SERVICE AT NO EXTRA CHARGE.
