

## **Become an International Law Section Reporter!**

The International Law Section Executive Committee is pleased to announce our inaugural Reporters Program!

Led by Communications Chair Constance Kim, the Program provides an opportunity for rising stars in international law practice to get involved in LACBA International Law Section activities by signing up to report on a CLE program and to contribute as an author or an editor for the International Law Section e-Newsletter. This is a great chance for attorneys developing their international law legal careers to work directly with leaders of the international community and to "get published."  
**Sign up today!!** Contact Constance Kim [by e-mail](#), or by phone at 626-389-3845 x204.
